Laptray

PRE ORDER NOW. AVAILABLE SEPTEMBER 2022.

An exclusive laptray made in beautifully grained natural walnut wood that gives each tray its own unique character. Designed with gentle curves in a Scandinavian minimalistic style and with Bosigns proven beanbag design that gives the tray a superior stability and comfort.

A most practical and stylish accessory for your morning coffee, tea, dinner or computer on your lap.

The raised rim and non-slip surface keeps the items in place when carrying or seated.

This lap tray offers the same tray as in our CurveLine Serving Tray Series but with the salt & pepper gray beanbag cushion from our popular original Laptray from Bosign.

- Multi-purpose tray. Great for:

Laptop and Tablet support

Surfpillow is the laptop pillow for everyone who likes to surf and work comfortably from the couch, bed or armchair.

Surfpillow Hitech is a shapeable laptop pillow in polyester. The top and bottom of the laptop pillow have anti-slip surface bumps. This makes the computer rest securely on the pillow and the pillow rests securely on your lap. The Surfpillow design prevents the lap and computer from overheating. The arched anti-slip bumps on top of the pillow creates a heat dispersing air slit between the computer and pillow.

- Shapeable soft bean bag cushion – comfortable surfing
- The air slit prevents overheating of lap and computer
- Longer battery life since the air slit cools the computer
- The computer rests securely against the anti-slip surface of the pillow
- Washable pillow cover
- Surfpillow is a patented invention from Bosign

The pillow takes up little space and can be easily stored on the couch, armchair or in bed when not in use. The laptop pillow fits laptop sizes

Tetra Nightstand

Bosigns exclusive nightstand turns your Apple Watch into a night clock while charging it by your bedside. Each nightstand is made in one solid piece of natural material aesthetically enhanced by the clean tetraedic shape of the stand.

This Apple Watch charging station is casted in 0.8 kg of solid iron. The massive weight of the iron makes the charging station stable and firmly positioned during docking. Bosign's Tetra Nightstand stands on your bedside table like a sculptural element by day and as a charger and alarm clock by night.

The organic variation of colour and surface structure of the material makes the Tetra Nightstand a great design combination with the sleek design of the Apple Watch. The simplistic design with the emphasised qualities of the material has the potential to make a sophisticated addition to any interior design.

- Turns an Apple Watch into a night clock while charging
- Exclusive design in genuine solid cast iron (0.8 kg)

Cable Box

The XXL Cable Box from Bosign is super sized to fit not only cables but also electronic equipment like routers and WiFi-stations. Cable Box XXL is extending Bosign's existing series of cable boxes with a larger version in the same style, but with some new features. The XXL size features a larger lid that can harbour routers and WiFi-stations and the cables can now also be accessed through a new cable outlet on the backside of the box.

- Conceals cables, several power outlet strips and cord clutter
- Ideal storage for electrical devices; Routers, Apple TV and Gaming equipment
- Made from flame retardant plastic
- Keeps your electrical leads and extensions in order
- Large lid for easy access of charging devices
- Click-function lid keep cords, chargers in place
- Silicone feet protects the floor
- Ventilation holes

Do-Dish

Do you need to quickly dish a pot or your favorite coffee mug? Wish you didn't have to bring out the bottle of detergent or didn't have to leave it on the counter top?

With Do-Dish™ you always have quick and easy access to just the right amount of dish detergent for a quick cleaning up in the kitchen. Saves time, money and the environment. A non-slip silicone base keeps the dish soap dispenser secure in place.

Easy one-handed operation

Press the lid of the dispenser with your dish brush or a sponge to dispense dishwashing liquid. Do-Dish™ squirts just the right amount of dish soap through the small hole in the center of the lid right on to your brush or sponge.

- Instant access to washing-up liquid
- Easy one-handed operation
- Eco-friendly, minimizing dish soap usage

This single hook can easily hang over the cupboard door or drawer in kitchen and bathroom for your towel / pot holder. Choose whether the hook will hang visibly on the outside or be hidden on the inside of the door.

The hooks can be mounted without glue, screws or drilling. Avoid ugly drill holes and move the hook easily whenever you want to.

The hangers have protective silicone film that keep the hooks in place and prevent scratches on the door/drawer.

Bosign's J-hook has a simple graphic design in stainless steel that decorates the door in a functional way. It is also an elegant solution since the hanger is cut in one piece without soldering or welding.

With this smart J-hook you can use an unused door surface for extra storage space both at home and in the office, offering a practical storage solution.

Kitchen Tablet Stand

Bosign's awarded Kitchen Tablet Stand for home chefs is a smart and versatile portable iPad or tablet platform for the home.

- Assists in the kitchen when following online recipes
- Allows you to rest your iPad or tablet in one of three positions: flat (screen up), horizontally or vertically.
- Non-slip silicone keeps your tablet steady
- Made from food safe silicone
- Easy to clean (hand wash)
- 100% recyclable silicone
- International Award - 'Kitchen Innovation of the Year 2013'

Especially designed and developed to fit into the kitchen environment and its demands for modern home chefs who search for recipes, watch cooking videos and listen to music while cooking. Your iPad/ Tablet pc can be placed either standing or lying down. However you position it, Tablet Stand's soft and non-slip surface ensures it will rest securely on top without sliding off.

Kitchen extra

Bosign's Potato Tester, Cake Tester Air minimises the mess on kitchen surfaces during use. The innovative design of the handle makes the spreader tip raised off the surface to help minimise mess.

- Elevated tip minimizes the mess
- Safe & Soft-grip handle in 100% silicone
- Stainless steel probe
- Reusable, unlike toothpicks and bamboo skewers
- Food grade safe & recyclable handle in silicone
- Dishwasher safe
- Colorful grip makes it easy to find in your cabinet drawer

Test easily the doneness during baking or cooking by simply inserting the fine stainless-steel probe into the center of the cake, bread or potato. A soft-grip handle makes the tester easy and safe to use near a hot oven. The soft grip-handle of Bosign's Cake Tester Air comes in

AirMirror, Make-up Mirror

Bosigns detachable make-up and vanity mirror AirMirror Table Stand is based on the same mirror as AirMirror Plus but comes with an innovative and simple table stand and is the ideal tool for applying make-up, tweezing eyebrows or putting in your contact lenses. The magnetic mount makes it easy to detach the mirror from the stand and take it with you around the house. AirMirror can be used both as a handheld mirror or on the stand.

- Detachable for a handheld comfortable close up view
- Detach and bring the mirror to another room or to somewhere with better lighting
- Swivels to any angle needed
- Large facial view
- Sharp close up view with a distortion-free mirror
- Steady base in solid marble stone
- Grip friendly silicone rim
- Beautiful and decorative object for everyday use

Soap Saver Flow

PRE ORDER NOW. AVAILABLE JUNE 2022.

Soap Saver Flow Plus enables a more sustainable lifestyle. The soap tray's unique self draining design keeps soap bars fresh and makes the soap bar an attractive alternative to liquid soap. By using soap bars instead of liquid in plastic containers, a lot of plastic, space and transport can be saved.

Soap Saver Flow Plus has a clever design uniting form and function in a unique soap saver that allows the soap bar to drain and quickly dry but also constitutes a decorative accessory for bathroom and kitchen.

The Soap dish offers a design featuring minimalistic and clean lines complimenting the interior designs of bathrooms and kitchens.

Soap Saver Flow Plus' innovative design consists of two parts. The top part, where the soap is resting, is a dish with a narrow opening to drain excess water and to ventilate the soap. The bottom part is a dish that collects the water and channels it out through a spout on the side. Made

Foot Bath

Revive tired achy feet with a soak in Bosign's unique Inflatable Foot Bath.

With specially designed soft pads in the bottom to make it extra comfortable, the air inside the actual walls of the foot bath both insulate and store the heat for longer. Unlike other foot baths on the market that are made of hard plastic, Bosign's foot bath is made from recycled soft plastic, so much kinder to both legs and feet.

As it is inflatable the foot bath takes up minimal space when it is not in use and it is very easy to clean, simply turn the bath inside out and rinse off. Plus, with its two sturdy two handles the foot bath is easy to carry, even when full with water, to wherever you choose to sit down and relax.

The foot bath can hold up to 1.3 gallons of water (see markings on the inside of the foot bath).

Gift tips: Becomes a wonderful gift, combine the foot bath with foot salt, a foot file and a magazine/book.

Hanger

The Moose Hook is a stylish and multi-functional hanger exquisitely shaped like a Swedish Moose head with a simple and realistic form matching any interior. Bosign's Moose Hook will add a unique touch to any decor.

- Decorative and multi-functional hook
- For jewelry, keys, clothes, headsets, bags, towels etc.
- For indoor and outdoor use
- Made from high quality material (Zinc)
- Delivered in a nice gift package
- Holds 20 kg (44 lb) of weight up to per horn

Our Moose Hook makes room for towels, jewelry, keys, clothes and bags etc. Works well in any interior and room such as the hallway, bedroom, nursery and bathroom as well as the kitchen and office.

Create fun and personal patterns on the wall – combine several hangers, both Branch Hangers and Moose Hooks, from floor to ceiling.
